

BOARDING FOR CATS AND DOGS

Traditional Boarding

Our Facilities:

We have spacious, bright, and clean boarding facilities which are heated and air-conditioned year-round to keep at a comfortable temperature. The cages are cleaned and bedding is changed daily. Your pet(s) will be monitored by a veterinarian during their stay and emergency services can be provided immediately.

Walks and Exercise:

Dogs are leash walked 4 times per day in our North Logan location and are let out into the fenced in yard at least 4 times per day in our Providence location.

Food, Treats, and Medications:

We use Hill's Prescription Diet I/D Low Fat for dogs and Hill's Science Diet Sensitive Stomach and Skin for cats. This diet is included in the cost of your pet's stay, but you are always welcome to bring your own food. You are also welcome to bring treats and whatever medications and supplements are needed for your pet. Please make sure that all food, treats, and supplements are in their original container or clearly labeled in an air-tight container. All prescription medications must be in the original container with the prescription label attached.

Belongings:

You may bring your pet's favorite toy, bed, blanket, or whatever else will make your pet's stay more comfortable. Please make sure items are labeled with your last name on them and understand that we cannot be responsible for lost or damaged items.

Premier Boarding

If you have a pet that has higher energy needs, experiences emotional distress, has problems related to boredom, or if you simply want your pet to have some extra attention, we recommend our premier boarding services.

Premier Boarding includes:

- A chew of the appropriate size each day to help freshen breath, clean teeth, and alleviate boredom.
- Meals fed from a food dispensing toy instead of a bowl to help alleviate boredom and food gulping.
- 20 minutes a day of individual play time with our animal care staff for games and exercise.
- A bath for dogs and a brushing out for cats before going home.
